Judo for Peace

Is a project based on Jigoro Kanos statement in the book Mind over Muscles: “I believe that world peace and the welfare of humankind must realize through the spirit that judo brings about.”

In peace keeping work the **Judo for Peace** project have shown that the spirit of Judo is a tremendous platform for reconciliation activities. All activities in this project are carried out in a value based manner according to Kanos statement.

We will now broaden the activities within the Judo for peace project with a **Judo for Peace Tournament**. It is natural to have the first tournament in a place like Sharm El-Sheik. The city has played host to a number of important Middle Eastern peace conferences.

As director of the Judo for Peace Commission it is a great pleasure to invite you to the 4th Egyptian International Judo Tournament, now also named as the Judo for Peace Tournament. I am sure that the Egyptian Judo, Aikido & Sumo Federation will do all their efforts to make superb tournament for the participants, referees, coaches and spectators.

Yours sincerely
